**Kairos Security Health and Composite Services Private Limited**  
**(Formerly known as "Kairos Health and Composite Services Private Limited")**

Notes to Financial Statements for the year ended 31st March, 2024

(All amounts are in Indian Rupees except for share data or otherwise stated)

**1. Corporate information**

Kairos Security Health and Composite Services Private Limited formerly known as "Kairos Health and Composite Services Private Limited" is a private limited company incorporated in India on 14/12/2016 and registered under the provisions of the Companies Act, 1956. The company is engaged in the business of providing Man Power Supply Services, Health Services, Security Services, Land Management Services and Housekeeping Services etc.,. Company name has been changed from Kairos Health and Composite Services Private Limited to Kairos Security Health and Composite Services Private Limited on 04.05.2023.

**2. Statement of significant accounting policies**

**2.1 Basis of preparation**

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006, (as amended) and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for the change in accounting policy explained below.

**2.2 Presentation and disclosure of financial statements**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

**2.3 Use of estimates**

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

**2.4 Revenue Recognition**

The Company recognizes significant items of income and expenditure on accrual basis except in case of those with significant uncertainties

**2.5 Taxes on Income**

Current tax is determined based on the amount of tax payable in respect of taxable income for the year. Deferred tax is recognized on timing differences; being the difference between the taxable incomes and accounting income that originate in one year and are capable of reversal in one or more subsequent years. Deferred tax assets and liabilities have been computed on the timing differences applying the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets arising on account of unabsorbed depreciation or carry forward of tax losses are recognized only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

**2.6 Provisions**

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

**2.7 Cash and cash equivalents**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less

**2.8 Earnings per Share**

Basic earnings per equity share is being computed by dividing Net Profit after Tax by the Weighted Average Number of Equity Shares outstanding during the year. Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares outstanding during year.
